

ANDROID – adding bookmarks to home page –

1. Open Browser and go to the page you want to bookmark.
Moverspackagingalliance.com
2. Press the menu button and select bookmarks – or some may have a bookmark button on the upper right which looks like this ribbon with the star in the middle.

3. When adding, you can customize the name of the bookmark if you like.
Call it "MPA" or "Packing".
4. Press and hold on the Bookmark you just created, and select Add shortcut to Home.
This will put a shortcut icon on the current Home screen that allows one-touch access to the page.

IPHONE –

1. Open the browser and go to the web site you want to bookmark –
moverspackagingalliance.com
2. Click on the button which looks like a box with an arrow coming out of the top.

3. Click –add to home screen.
You can change the name to say whatever you want..."Packing" or "MPA" whatever
This will put a shortcut icon on the current Home screen that allows one-touch access to the page.
